

Correction for Duplicator i3

Pic	Correction	i3	i3 V2
	New edition move the SD card slot 3mm outward. So it's easy to push the card inside the slot.	●	●
	Heating tube diameter change to 6.35mm. So fit the aluminium hot end snugly.	●	●
	Extension stainless steel wire changed to 100% nickle wire. So no heating transmit to upper extruder.	●	●
	LCD display has been lean to 45 degree. So it's visible for all side.		●
	Build talk has been used on printer. Easy to print and durable.	●	●
	Printed Quick Installation guide shipped with every printer	●	●
	Top mount spool holder.	●	●
	New quality 4G micro SD card. No data missing or print stop issue.	●	●
